SUMMARY

I am a MERN Stack Developer with a BSc in Computer Science and Engineering. I have experience in building responsive web applications using MongoDB, Express.js, React.js, and Node.js. I enjoy solving problems, writing clean code, and creating user-friendly web solutions. I am also skilled in debugging, performance optimization, and developing scalable applications that meet client needs.

EXPERIENCE

SEO Specialist 10/2023 – 10/2024
Enfit (Contract, Remote)

- Managed website content and SEO optimization.
- Worked with online tools and data handling.
- Developed communication, teamwork, and problem-solving skills.

PROJECTS
